CBO ESTIMATE, DEFENSE DISCRETIONARY SPENDING.....	8,450	9,185
<u>Scorekeeping Differences:</u>		
Base Realignment and Closure (BRAC).....	---	-117
CBO and OMB have different first-year spendout rates for this account. OMB has spendout rates for each service, while CBO has one consolidated rate of 31 percent. OMB's lower outlay estimate reflects a reduction of the Navy's portion of the service mix.		
Family Housing, Navy and Marine Corps.....	-6	-1
CBO scored \$6 million for sec. 125 of the General Provisions, which would appropriate funds received for the conveyance of real property at Naval Station Puget Sound, Everett, Washington. Consistent with the FY 1999 Budget assumptions (OMB inadvertently did not score the provision), OMB does not score this provision.

NOTES

¹ FY 1999 limits are the limits included in the *Sequestration Update Report* that was transmitted to the Congress on August 26, 1998. They include: enacted emergency appropriations, released contingent emergency appropriations, and other adjustments permitted under the Budget Enforcement Act (BEA) of 1997 as of the release of that report.

The spending limits will change to include additional adjustments permitted by the BEA when OMB submits its *End-of-Session Update Report*.

² Includes the second-year effect of both emergency spending and regular discretionary spending enacted in P.L. 105-174, the FY 1998 Supplemental Appropriations and Rescissions Act.
