

## **OFFICE OF MANAGEMENT AND BUDGET**

OMB Circular A-21, "Cost Principles for Educational Institutions."

**AGENCY:** Office of Management and Budget, Executive Office of The President.

**ACTION:** Final Revision

**SUMMARY:** The Office of Management and Budget has revised Circular A-21, "Cost Principles for Educational Institutions," to add a standard format for submitting facilities and administrative rate proposals by educational institutions. This form will be shown as Appendix C in the Circular. The standard format will assist institutions in completing their proposals more efficiently and help the Federal cognizant agency review each proposal on a more consistent basis. In addition the standard format will help the Federal Government collect important data regarding facilities and administrative costs and rates at educational institutions.

**DATES:** This revision is effective on September 7, 2000.

**FOR FURTHER INFORMATION CONTACT:** Gilbert Tran, Financial Standards, Reporting and Management Integrity Branch, Office of Federal Financial Management, Office of Management and Budget, at (202) 395-3993. Non-Federal organizations should contact the organization's cognizant Federal agency.

### **SUPPLEMENTARY INFORMATION:**

#### **A. Background**

Office of Management and Budget (OMB) Circular A-21, "Cost Principles for Educational Institutions," establishes principles for determining costs applicable to Federal grants, contracts, and other sponsored agreements with educational institutions.

On September 10, 1997, (62 FR 47721) OMB proposed the use of and solicited input on the use of a standard format for submitting facilities and administrative rate proposals by educational institutions. The standard format would assist institutions in completing their proposals more efficiently and help the Federal cognizant agency review each proposal on a more consistent basis. In addition the standard format would help the Federal Government collect important data regarding facilities and administrative costs and rates at educational institutions. OMB received 35 comments from Federal agencies, universities and professional organizations in response to the proposal. All commenters were in favor of the development of such a form. OMB, with assistance from Federal agencies and universities, developed the standard form for inclusion in Circular A-21.

On August 12, 1999, (64 FR 44062) OMB proposed to revise Circular A-21 to incorporate the new form. OMB received 40 comments from universities, Federal agencies and professional organizations. All comments were considered and incorporated, where appropriate, in the final revision. On May 9, 2000, (65 FR 26859) OMB published a notice in the Federal Register notifying the public it had submitted the information collection form entitled "Standard Form for Facilities and Administrative Rate Proposals," listed as Appendix C on Circular A-21, to the Office of Information and Regulatory Affairs (OIRA), OMB, for review under provisions of the Paperwork Reduction Act of 1995. OMB received three comments in response to this notice. The comments applauded OMB's responsiveness to concerns expressed by the university community, particularly OMB's action in the final revision to eliminate or modify many proposed data items that may present difficulty for universities. The commenters, however, requested further clarifications on some data items in the standard form. The clarifications are provided in the next section.

This Form was approved by the Office of Information and Regulatory Affairs and given OMB Control No. 0348-0058. Consequently, OMB is adopting, without change, the revisions shown to Circular A-21 in the Federal Register notice of May 9, 2000, (65 FR 26859).

Circular A-21, as amended by this revision, consists of the Circular published in 1979 (44 FR 12368; February 26, 1979), as amended in 1982 (47 FR 33658; July 23, 1982), in 1986 (51 FR 20908; June 9, 1986), in 1986 (51 FR 43487; December 2, 1986), in 1991 (56 FR 50224; October 1, 1991), in 1993 (58 FR 39996; July 26, 1993), in 1996 (61 FR 20880; May 8, 1996), in 1998 (63 FR 29786; June 1, 1998), in 1998 (63 FR 57332; October 27, 1998), and in this notice. A recompilation of the entire Circular with all its amendments, including this amendment, is available in electronic form on the OMB Home Page at <http://www.whitehouse.gov/omb>.

## **B. Comments and Responses**

Comment: Should a university provide explanation for significant decreases in an overhead rate component, as well as explanation for significant increases, as required in Part II, General Information, item 4?

Response: No, Part II, General Information, item 4 only requires that the university provide explanations for rate component that exceeds the prior negotiated rate by 10 percent.

Comment: How are cross-allocations of an overhead pool to another overhead pool reported in Part I, Schedule A, item i? If cross-allocations are not included, the percentages will not total to 100%. Can cross-allocations be reported under the "other" column?

Response: Based on the comments received previously on the cross-allocation amounts, OMB has deleted this data request in the last proposed standard format. For simplicity, cross-allocation of an overhead pool to another overhead pool is excluded from item i of Schedule A. The Schedule will only

report the allocation percentage of overhead pool to major direct functions. Accordingly, the “other” column should not be used to report cross-allocations.

Comment: In part I, Schedule B, Composition of Rate Base, the “research training awards” category should be combined with the “other awards (not based on negotiated rates)” category. In addition, one commenter questions the value for the breakout between awards based on negotiated rates and awards not based on negotiated rates.

Response: In accordance with section B.1.b of Circular A-21, “Organized research,” research training activities at universities may either be classified as instruction or organized research. A separate line for the research training awards in the composition of rate base on schedule B serves to identify the university’s treatment of the research training activities in the F&A rate proposal. The breakout between the awards based on negotiated rates and awards not based on negotiated rates is useful for the Federal reviewers to estimate the value of Federal dollars associated with each percentage point on the F&A rate.

Comment: The standard format should apply only to F&A rate proposals *utilizing base years* on or after July 1, 2001.

Response: The standard format requirement is applicable for F&A rate proposals submitted on or after July 1, 2001, for the purpose of establishment of F&A rates.

Issued in Washington, DC, July 21, 2000

Circular A-21 is revised to add the following section G.12 and Appendix C.

1. Add Section G.12 to read as follows:

12. Standard Format for Submission. For facilities and administrative (F&A) rate proposals submitted on or after July 1, 2001, educational institutions shall use the standard format, shown in Appendix C, to submit their F&A rate proposal to the cognizant agency. The cognizant agency may, on an institution-by-institution basis, grant exceptions from all or portions of Part II of the standard format requirement. This requirement does not apply to educational institutions which use the simplified method for calculating F&A rates, as described in Section H.

2. Add Appendix C (shown below):

## Appendix C

### OMB CIRCULAR A-21 DOCUMENTATION REQUIREMENTS FOR FACILITIES AND ADMINISTRATIVE (F&A) RATE PROPOSALS CLAIMING COSTS UNDER THE REGULAR METHOD

The documentation requirements for F&A rate proposals consist of two parts. Part I provides a schedule of summary data on the institution's F&A cost pools and their allocations, and the proposed F&A rates. For illustration, an example of a completed Part I is included. Part II describes the standard documentation to be submitted with the institution's F&A rate proposal.
